

Public Consultation and Design Workshop

Help shape the future development of Trispen

Monday 27th of March

3pm to 7pm

at St Erme Village Hall, Church Close

We would like to hear your views on potential residential development to the south of Eglos Road. We would be particularly keen to hear from anyone in need of, or wishing to buy a new home in the village.

What form should any new development take? How should it look?

Come along and share with us your ideas.
